

SPECIAL RESERVE FOR NEW ENTRANTS

Aircraft Operators being eligible to apply for a free allocation of allowances from the Special Reserve need to **monitor the Tonne-kilometre Data for year 2014**. On the **30th of June 2015** (the 30th of June of the third year in each trading period) these Aircraft operators shall **apply for the free allocation to their competent Authorities**.

Such applications may be filed by Aircraft Operators:

- a. who start performing an aviation activity falling within Annex I after the monitoring year for which tonne-kilometre data was submitted for “normal” allocation (free allocation of allowances for each trading period) or
- b. whose tonne-kilometre data increases by an average of more than 18% annually between the monitoring year for which tonne-kilometre data was submitted and the second calendar year of that trading period (that is, between year 2010 and year 2014).

And whose activity under point (a), or additional activity under point (b), is not in whole or in part a continuation of an aviation activity previously performed by another aircraft operator.

In order to apply for the Special reserve, the aircraft operators need to have a **Tonne Kilometre Data Monitoring Plan for phase III**(Trading Period 2013-2020) approved by the Spanish Ministry of Agriculture, Food and Environment. This Plan has to be **submitted before the 31st of August 2013** (four months before the beginning of the second year of the trading period, pursuant to article 51.2b of Commission Regulation EU N° 601/2012)

For more information, you may see articles 40 to 42 of Spanish Law 1/2005, of 9 of March, which regulates the Emissions Trading Scheme, amended by Law 13/2010, of 5 of July. You
